VERSION 7

LYTHGO CREW WEALTH MANAGEMENT PTY LTD

ABN: 30 144 973 786 AFSL: 370951

LYTHGO CREW
— WEALTH MANAGEMENT —

This document replaces all previous Approved Product (Investment and Risk) Lists issued by Lythgo Crew Wealth Management Pty Ltd.

Why do we have an Approved Product List (APL)?

Our Approved Product List has been compiled to provide the Financial Planners (Authorised Representatives) of Lythgo Crew Wealth Management Pty Ltd with a detailed list of both research rated products and providers from which to select to form investment recommendations for their clients.

How do we determine the suitability of a product or provider?

We utilise market and industry research in conjunction with our own internal research to determine the eligibility of a product or provider to be recommended by Lythgo Crew Wealth Management's Financial Planners. An investment fund or platform provider must have a minimum of "3 out of 5" star research rating from Morningstar to be considered for the APL. Where a Morningstar rating is not available the fund will have to have a minimum Lonsec rating of "3 out of 5". Where neither of these rating agencies cover certain products we will revert to SQM Research where a rating of at least 3¼ stars is required.

Is this Approved Product List current and relevant?

The list is reviewed at the end of each quarter at a minimum and as necessary when there is a change to the research ratings of any existing or prospective products and providers.

Products and Services covered on this list

Superannuation

Platform Providers:

For a platform to be eligible to be placed on the APL it must have a minimum 3 out of 5 star from IRESS Super solver ratings. In the right column are the acceptable products which can be used with these platform providers. Products from the listed providers must all have a minimum of a 3 star rating from IRESS Super solver to be eligible for the APL.
